May 2007

A message from your president....

Spring is finally here and we need to get ready for the coming summer. Saturday, May 5th at 9:00 a.m. we will have a building clean up day. Please come out and help get all the building cleaned out for the summer. We will be going through all the stuff we have and decide what we should keep and what to get rid of. Please come out on this very important day and give your input.

We would also like to build 3 new stands for this year. In doing this we are going to need some help to get them done. The new stands will be an Improvement to the Carnival. I am looking for a Club Member who will step up and take the lead on each one of these projects. There will be input from Jack, John & Bev who have seen these stands in action in other places. There will also be other club members that are willing to help out with the project. If you can jump in and help your Lions Club, please call me at 957-3971.

As you look around the Club you will see that we have a lot of improvement projects going on this year. The big one is the painting of the buildings. We could use some help finding a bucket truck or a lift that we can use for 2 days to get the main building painted. We also need someone to paint the Marysville Lions Club logo and Web Site information on the main building. If you have any leads of people we could work with to get this done let me know. Lion Tom Speck has started to work on the sign along the road to make it safe to use again. This will help us promote the Club and the events we have in an effort to bring in bigger crowds. There are lights at the sign, but the wires to the lights run nowhere. Is there any Club member that knows where the power source for the lights is? We would like to get them up and running again.

I would like to say Thank You to Lion Tim Schardt for serving as president of the Marysville Baseball/Softball Association for the last several years. He has been a huge part of the re-growth we have seen over the last two years. He has made the 8-year old baseball Tournament a great event. There are teams lined up to enter this event each year with a waiting list. This year we will look at moving the size from 8 teams to 12 teams. He has always been there to help me out when I needed it and I am sure I can count on him to be there in the future. We will miss him as he moves on to other projects and programs in his life. I am now looking for someone who would like to become president or treasurer of the softball/baseball association for next year. I am looking for someone with t-ball age kids who would be willing to serve for the next few years. If you are interested please call me.

In closing I would like to thank everyone that helped out at the opening day of baseball and at the Carnival Workers Appreciation Day. It was everyone that helped that made both events huge successes for the whole community. This year the baseball/softball opening day was an event that the whole community got involved in along with other local organizations. Next year we will work to get even more of the community involved.

*Thank You,
King Lion Phil Lehman
